

DOG AT A GLANCE

Dog's name: ROSE SILENCE (F)	Breed: FRENCH BULLDOG
Colour: FAWN	Age: 7 YEARS OLD
Neutered: NO	Medical needs: NONE KNOWN
Can live with other dogs? NO, WHICH IS WHY THIS LADY IS STILL WAITING FOR A HOME	Can live with cats? UNTESTED, SO NO
Can live with children? YES, SHE IS A SWEET GIRL	Preferred age of children? 8 YEARS +
<p>Any additional training needs:</p> <p>We are helping another of our rescue organisation friends to find a home for this little girl – she was found as a stray and has obviously been used for breeding.</p> <p>She has been assessed in foster and other than needing to be dog-free because she will not even share a water-bowl, she really doesn't need much intervention at all. She has probably had to fight for all food and attention.</p> <p>She has started well on her journey of recovery, physically and psychologically, and we really want to help her along with that.</p>	<p>Type of home needed:</p> <p>Being an older lady, but still definitely with much life about her, she won't want a household that is too wild.</p> <p>She would make a wonderful companion dog for an older person with visiting grandchildren but could live equally well in a home where there are older children who are dog-savvy and know how to behave around a pet.</p> <p>She enjoys a little trot out and about and is very sweet natured for cuddles too.</p>
