

DOG AT A GLANCE

Dog's name: ELMER FUDD	Breed: French Bulldog
Colour: Fawn	Age: 9 years old
Neutered: Yes	Medical needs: ear cleaning every other day, possible steroids and ear drops if ears flare up.
Can live with other dogs? Yes a older calm dog is fine OR no dogs is preferred due to still having slight guarding issues.	Can live with cats? No
Can live with children? Older only or None	Preferred age of children? 15+
Any additional training needs: Elmer Fudd needs little to no training he is a wonderful older gent who doesn't even react if there's a loud noise or a knock on the door.	Type of home needed: Elmer Fudd needs his very own retirement home. He enjoys his walks still at his age and loves "talking" to ducks on his walks. He is a very loveable older boy that just wants a quite life, someone to clean his ears every other day and to give him snuggles. The ideal home is a quite home that wants a chilled, calm gentleman to join them on the sofa ❤️
