

DOG AT A GLANCE

Dog's name: Devoret Gender: Male	Breed: French Bulldog Cross (possibly SBT)
Colour: Fawn	Age: 8.5 Years Old
Neutered: Yes	Medical needs: None
Can live with other dogs? Yes, Female please	Can live with cats? Untested, so no
Can live with children? Older only	Preferred age of children? 12 Years+
Any additional training needs: <p>Absolutely no additional training required as far as we know, as he is a gentleman. He is disinterested in other dogs when on the lead and has previously lived amicably with another dog.</p> <p>Devoret is a friendly and happy boy; he really does charm everyone he meets. There is no fussiness with him.</p> <p>He has a tail and a longer nose, so is quieter when breathing and is a slightly bigger dog than a full Frenchie but still a perfect sofa-buddy though.</p>	Type of home needed: <p>Any! Not with young children or cats because we don't know enough about his past history to be safe, but other than that he is such an easy lad to be around.</p> <p>He can be left alone happily for a part-time worker, with no destruction and he is clean in the house.</p> <p>He is happy walker, strong, but not excessively so, and we can find absolutely no fault with him.</p>
If the fosterer decides to adopt this dog at the end of the foster period, the fee will be:	£150
