

DOG AT A GLANCE

Dog's name: Ramras Gender: Male	Breed: French Bulldog
Colour: Brindle	Age: Approx 2 Years Old
Neutered: No	Medical needs: None
Can live with other dogs? Yes, neutered female would be preferable.	Can live with cats? Untested, so no.
Can live with children? Yes, not too small though.	Preferred age of children? 8+ Years
Any additional training needs: <p>This boy is bouncy, but in a nice way – he loves a game and is very friendly. His basic manners are very good and he enjoys being around most other dogs too. For the purposes of his bounciness, we have said older children only, so no one gets knocked over.</p> <p>He would benefit from some on-going basic training, just to get him slowing up a little, as he has an occasional limp due to what is believed to be a previous untreated injury to one of his back legs. This has been extensively looked at with no definitive diagnosis and will be managed moving forward. It is not helped by his bounce! There is no obvious pain, just the odd hop and skip but he will not be a dog for hiking.</p>	Type of home needed: <p>Ramras is VERY handsome and will capture anyone's heart. We think he has a little bit of 'something else' in him because although he is small and Frenchie like, he does have a slightly longer nose, which is never a bad thing for health.</p> <p>He will be a great addition to a family home that likes to enjoy games with their dog, but until his leg settles properly (and it might never do so) he can't go on lengthy hikes – he will, he wants to, but he shouldn't!</p> <p>He might be a bit too much for anyone who is less-abled or wants a lap-dog – yes, he can be a lap-dog of an evening, but he has things to do, games to play! He really is a lovely and very funny lad.</p>
If the fosterer decides to adopt this dog at the end of the foster period, the fee will be:	£450
